

Pushpak Pandharpotte

Java Backend Developer | Spring Boot | Microservices | AWS

9921626877 | pushpakrajendra@gmail.com | linkedin.com/pushpak261 | github.com/pushpak261

PROFILE SUMMARY

Java Backend Developer with 1+ year of experience building and maintaining production Spring Boot microservices, including REST APIs, database optimization, and cloud deployment on AWS. Hands-on with Java 17/25, Spring Data JPA/Hibernate, Redis/Valkey caching, OAuth2 authentication, Docker, and Kubernetes. PG-DAC graduate (CDAC) with a strong foundation in Data Structures & Algorithms and System Design (LLD/HLD).

TECHNICAL SKILLS

Languages: Java 17/25, Python (FastAPI), SQL

Core Java: Collections, Multithreading/Concurrency, Streams & Lambda, Exception Handling, OOP

Backend Development: Spring Boot, Spring MVC, Spring Data JPA, Hibernate, Spring Security, Spring Cloud, API Gateway, RESTful APIs, Microservices Architecture, OAuth2, JWT

System Design: Low Level Design (LLD), High Level Design (HLD), Design Patterns (Singleton, Factory, Builder, Observer, Strategy, Dependency Injection), SOLID Principles

Cloud & DevOps: AWS (EC2, S3, RDS, IAM, CloudWatch, Lambda), Docker, Kubernetes, CI/CD (GitHub Actions), Git

Databases & Caching: MySQL, PostgreSQL, Redis, Valkey, Query Optimization, Indexing

Testing & Tools: JUnit, Mockito, Postman, Maven, IntelliJ IDEA, Jira

AI/Automation (project work): LLM Integration (Google Gemini API), NLP-based resume parsing, Prompt Engineering

Core CS: Data Structures & Algorithms, DBMS, Operating Systems basics, Agile/Scrum

EXPERIENCE

Mastek

Java Developer

June 2026 - Present

Pune

- Working on a live client project for Morrisons using Java, Spring Boot, AWS, REST APIs, and Microservices Architecture in an Agile team environment.
- Solving daily DSA problems and applying System Design (LLD & HLD) principles to strengthen core backend engineering skills through console-based applications.

VestalCode Softwares

Software Developer

April 2025 - Oct 2025

Pune

- Built and maintained a live Review Management System using Microservices Architecture, with an Angular frontend, Spring Boot (Java) backend, and PostgreSQL database, deployed on Kubernetes.
- Optimized database performance by adding indexes, removing unused tables/triggers, and refactoring queries in collaboration with senior developers, reducing query response time.
- Replaced the in-memory caching system with Valkey across backend services, improving application performance and reducing latency under high load.
- Integrated the Review Management product with Krefel (a new client) by implementing secure OAuth2 authentication, mapping reviews to Krefel's API format, and setting up an automated 24-hour Cron job for market-specific review sharing.
- Implemented average rating functionality and Affiliation Staff Badge support within the review management module.
- Collaborated in Agile teams through daily stand-ups and sprint planning, independently handling multiple tickets and resolving Git merge conflicts to maintain a stable repository.

PROJECTS

AI Job Application Agent (Naukri Auto-Apply) | Python, Playwright, LLM (Google Gemini API), SQLite, Docker, GitHub Actions

Built an AI-powered job application automation tool with NLP-based resume parsing and LLM-driven resume-to-JD matching with explainable scoring. Automated job search, filtering, application submission, and AI-generated screening responses via REST APIs, with rate limiting, exception handling, logging, unit testing, and data persistence. Set up CI/CD with GitHub Actions and containerized deployment using Docker.

Sports Club System | React, Spring Boot, MySQL, AWS

Developed a full-stack sports club system with React.js frontend, Spring Boot REST APIs, and MySQL database, deployed on AWS. Built separate user and admin interfaces supporting product/category management, cart and checkout (PayPal, Cash on Delivery), profile/address management, and order management, with images stored in AWS S3.

EDUCATION

Centre for Development of Advanced Computing (CDAC)

Post Graduate Diploma in Advanced Computing (PG-DAC)

March 2024 - Aug 2024

Mumbai

D.Y. Patil College of Engineering

Bachelor of Mechanical Engineering

Aug 2019 - May 2023

Pune

New English High School & Jr. College

Higher Secondary Certificate (HSC)

Jun 2017 - July 2019

Mumbai
